Good morning, JoAnn. Attached is a draft Title V Evaluation Report for ACHD review. We request that ACHD provide its written comments within 30 days, or earlier if possible. The attached document does not include revisions in response to yesterday's informal discussion about the pre-draft. It does, however, include some minor edits to the pre-draft version.

After receiving your comments, we intend to revise the document as appropriate and then send to ACHD as a final document.

We continue to appreciate your cooperation in supporting this evaluation of ACHD's Title V program.
